# Florida Southern College

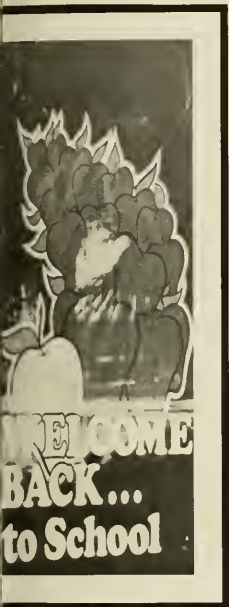

# 1978

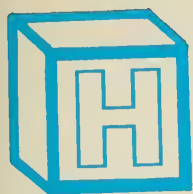

ome build a dream. Pack your clothes, your plants and your courage. Wave a tearful good-bye, utter a shy hello and welcome to Florida Southern College.

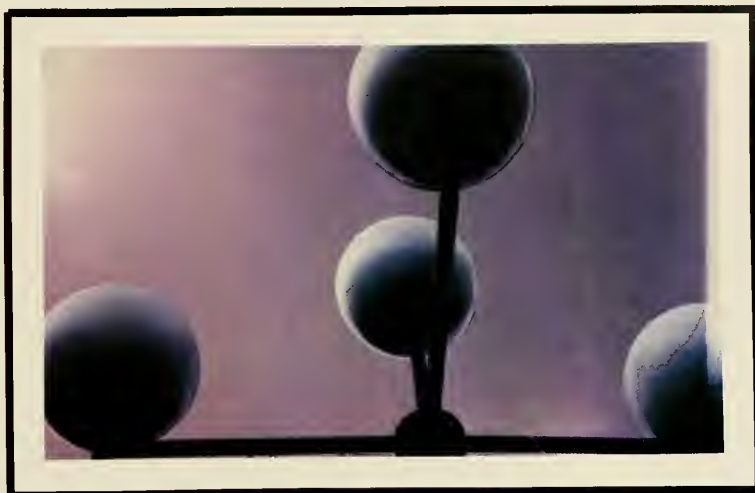

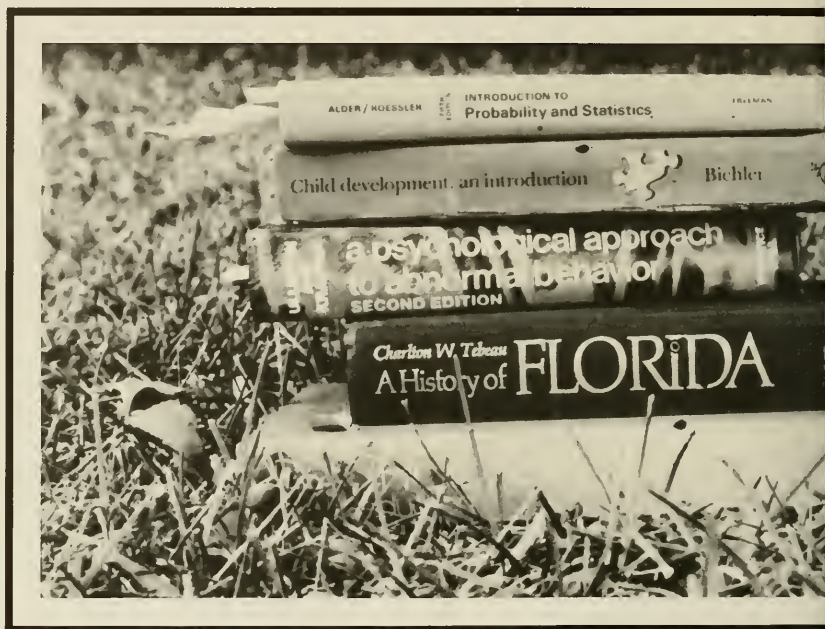

ere Frank Lloyd Wright has etched the largest collection of his works in the world - constructions to be admired from all angles.

ut unique architecture is not the only construction apparent at Southern. The construction of the academic mind is witnessed. Block by block, freshman, sophomore, junior, senior, building toward a degree.

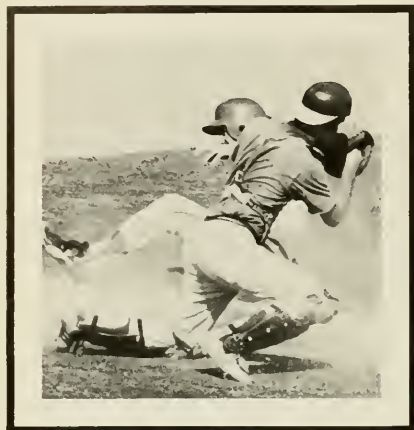

degree supplemented by the education of nature's beauty. The intricacies of a petal, a sunset over Lake Hollingsworth; ge lost in the class shuffle revived in the after hours.

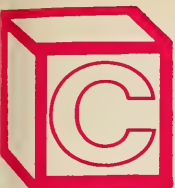

n education supplemented by interchange. Interchange achieved through sports, music, theatre, worship, nonverbal or verbal communication with God, with one another, with yourself. Communication that lays the foundation for lifetime relationships.

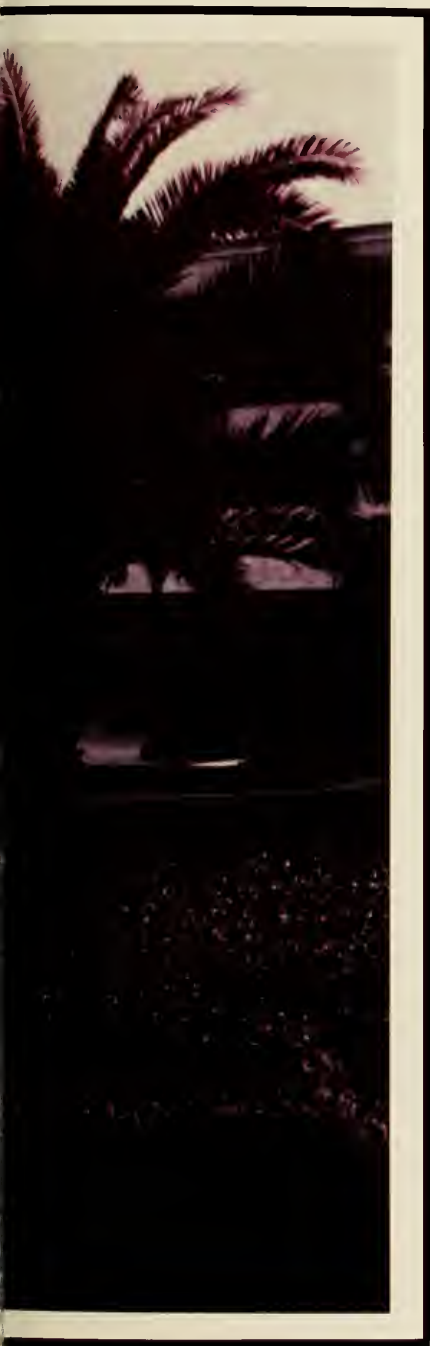

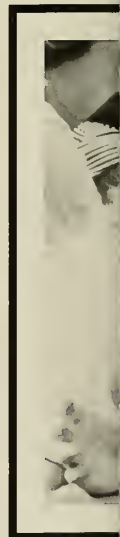

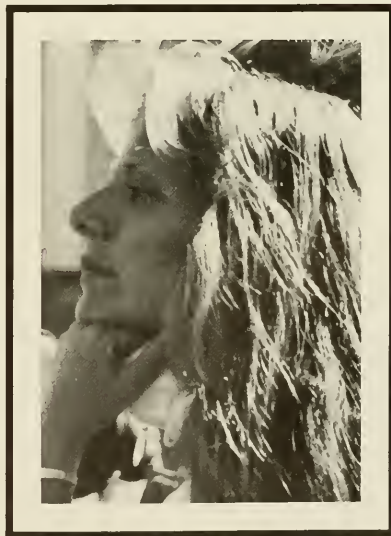

college offers time to structure or re-structure the blocks of life. Time to draw up the blueprints with hired architects, to break new ground and lay foundations, cornerstones, to celebrate the milestones of achievement and finally to rejoice in the grand opening of a certain identity.

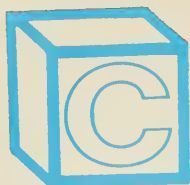

n identity prized by the population who helped you grow; the faculty, administration and students of Florida Southern College. FSC, the blocks spell pride.

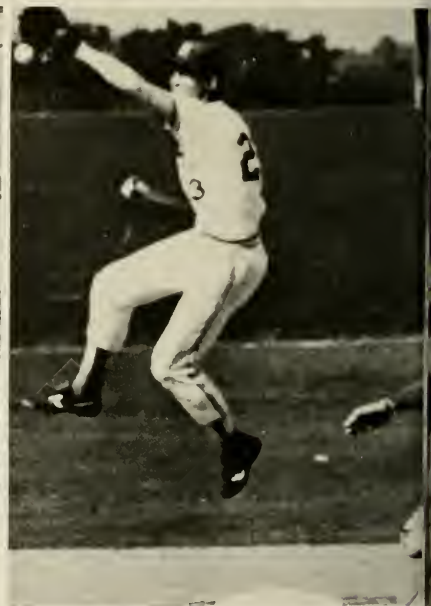

ome build a dream.

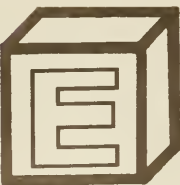

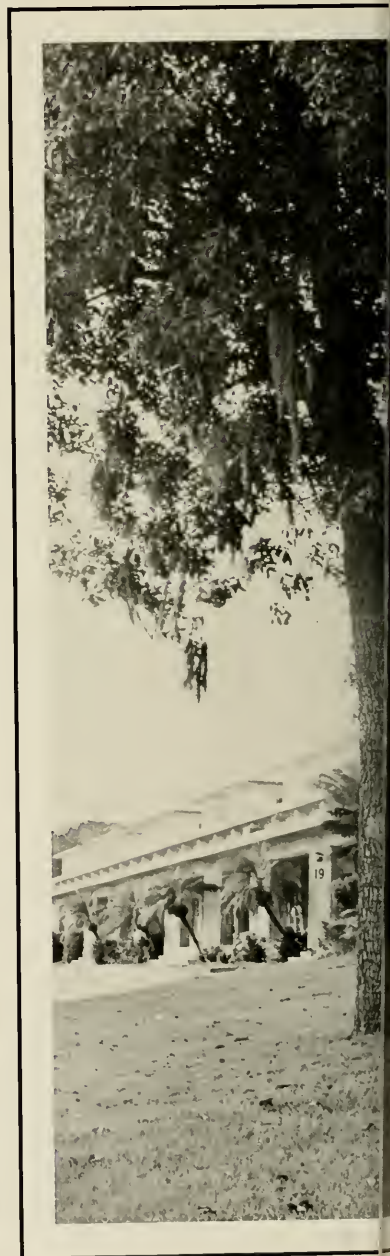

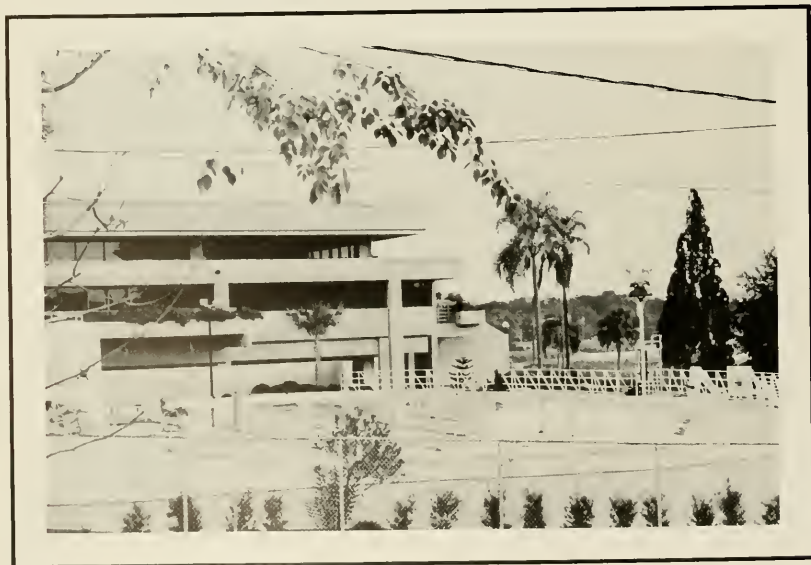

BLUEPRINTS (bloo'prints'),  
n. 1. a process of photographic  
printing, used chiefly in  
copying architectural and  
mechanical drawings, that  
produces a white line on a  
blue background. 2. a de-  
tailed outline or plan: student  
life is a blueprint of students  
living.

employ your photographic memory to  
create a blueprint of 1600 students  
growing,

individually and collectively

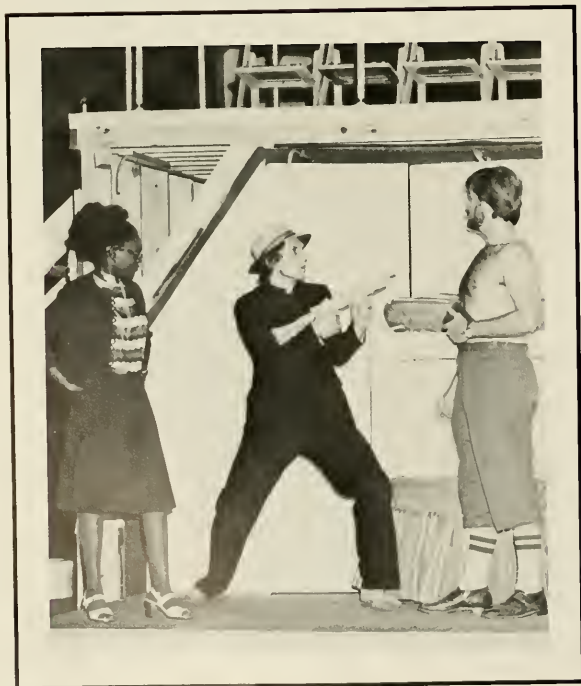

offering contributions to the worlds of music;

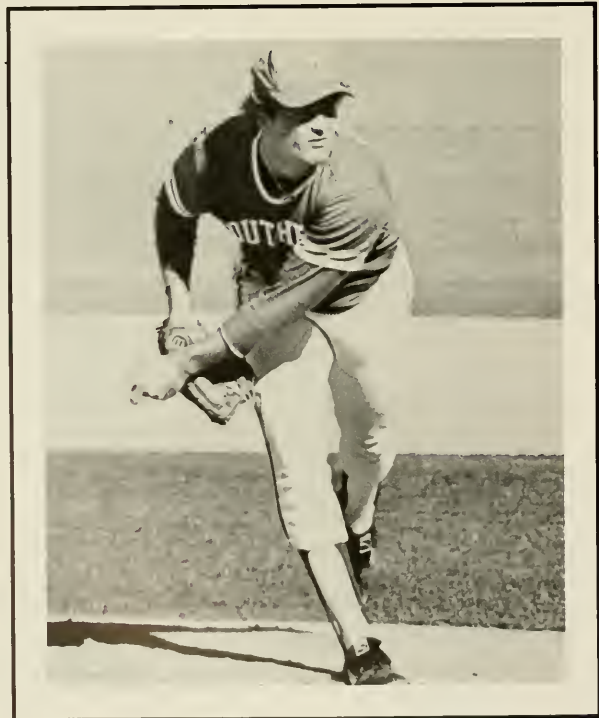

theatre;

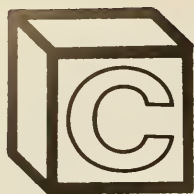

and athletics.

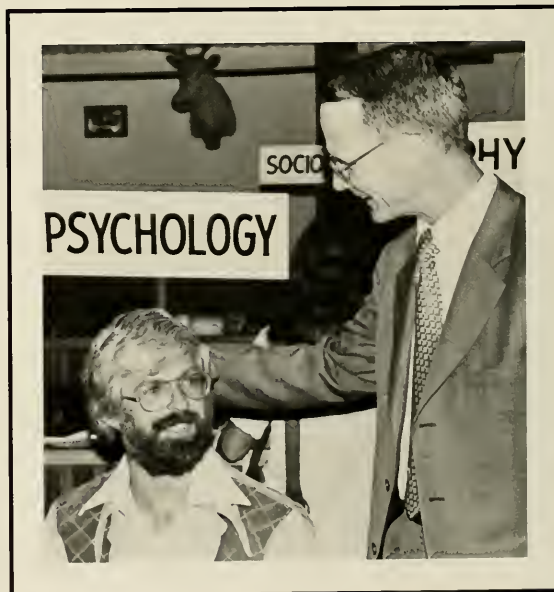

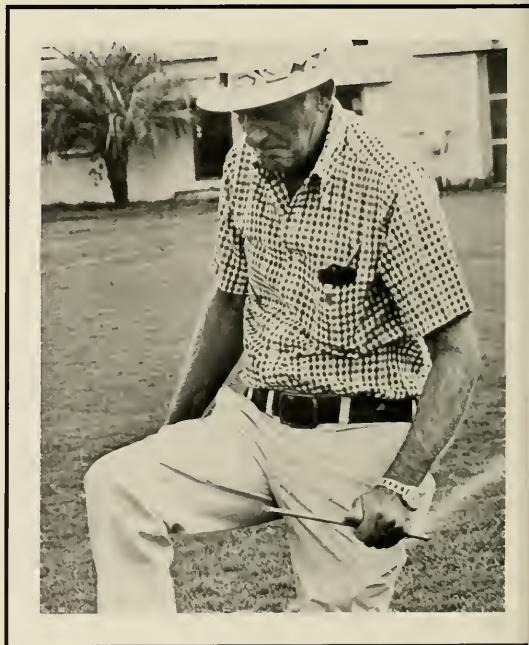

lose your eyes and remember, the faces you swore you would never forget.

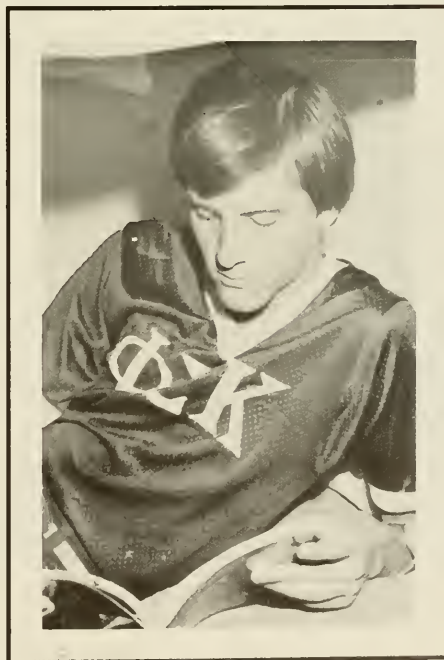

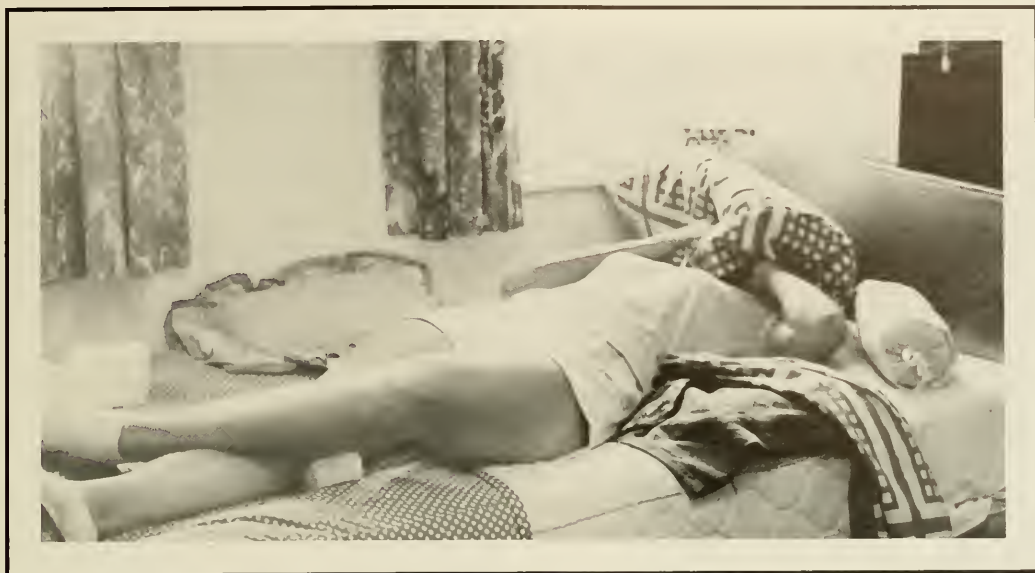

remember in fragmented pieces, dormlife;  
surprise birthday parties . . . room checks  
. . . loud stereos at 3 a.m. . . . no hot water  
in the winter . . . no water at all . . .

the cafeteria; scoping . . . mystery meat . . .  
seconds . . . roast beef one more time . . . picnics  
. . . waiting in line . . . Halloween and Christmas  
banquets . . . paper plates and plastic  
silverware . . .

---

all campus activities; the Gong show . . .  
dance-a-thon . . . talent show . . . haunted house  
. . . faculty squares . . . Christmas tree lighting and  
Founders Week.

---

Fragmented pieces gelled by your mind into a detailed remembrance of the best years of your life; student life at Florida Southern.

ARCHITECTS (ar'ki tekts'),  
n. 1. the deviser, maker, or  
creator of anything 2. a  
person who designs large  
constructions other than  
buildings: the faculty and  
administration design the  
construction of the academic  
mind.

When Robert David Mangan passed away, the fruits of life-friendship, compatibility, warmth, and love were all, in part, buried with him. He exemplified kindness and good will through his character and ever-present smile—characteristics the world can ill-afford to lose. Those of us that were fortunate enough to be part of Bobby's world are left with an irreplaceable hollowness.

to conclude successfully by  
arranging the final details of:  
Closing is going back to the  
beginning.

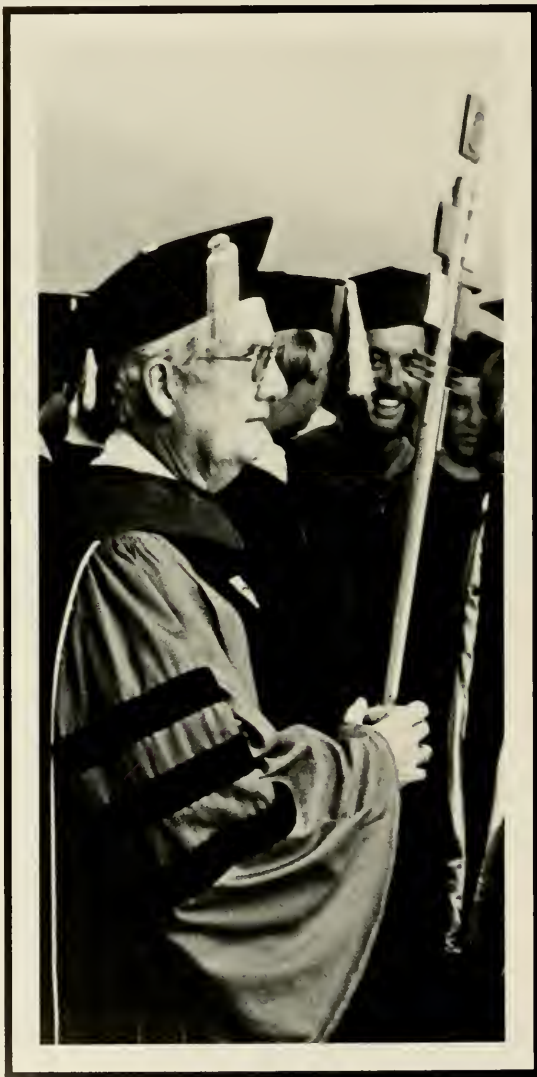

It is April. The construction begun in September is complete. Re-pack your clothes, your plants, your courage. Wave a tearful goodbye to Florida Southern College, utter a shy hello to the waiting world.

ere your certain identity will be tested for sturdiness, the construction of your academic mind examined for flexibility.

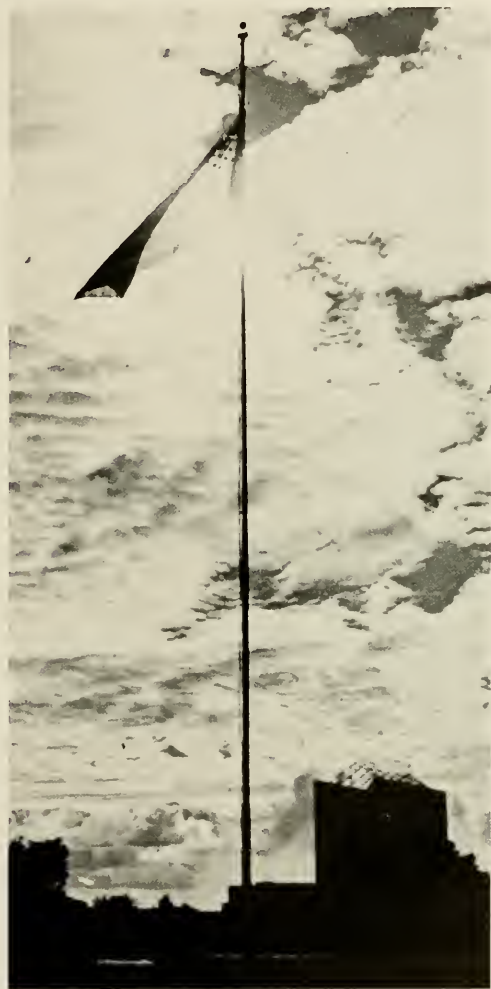

outhern offered the preparation for such close  
scrutinazation. It supplemented your degree with  
the education of nature's beauty.

**I**t supplemented it with interchange. Among the archways of Polk Science and Ordway, down fraternity row, in front of Panhellenic, around Lake Hollingsworth, in George Jenkins Fieldhouse, Branscomb Auditorium, Buckner Theatre or the Student Union Building you experienced life to its fullest.

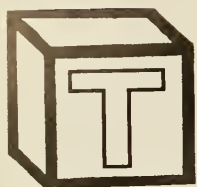

ou established relationships that will remain long after hand-waved goodbye. You drew up the blueprints, employed the architects, broke the new ground, laid the foundations and cornerstones, celebrated the milestones of achievement and the grand opening of identity. It is time now to move on.

o build another dream.

*I do not go alone.  
If death should beckon me  
with outstretched hand  
And whisper softly  
of an unknown land . . .*

*I shall not be  
afraid to go,  
For though the path  
I do not know . . .*

*I take death's hand  
without a fear,  
For He who safely brought  
me here . . .*

*Will also take me  
safely back,  
And though in many  
things I lack . . .*

*He will not let  
me go alone  
Into the valley  
that's unknown . . .*

*So I reach out  
and take death's hand  
And journey  
to the Promised Land.*
